**【留寿都度假滑雪场】**留寿都滑雪场是北海道第一大滑雪场, 位于北海道西南面, 是滑雪爱好者熟悉的滑雪胜地。日本人习惯将北海道的雪称为粉末雪, 因为此种雪摸起来干干爽爽的, 质地柔轻松散, 滑起来也就格外轻快与舒服, 容易控制, 不易受伤。身为全北海道最大滑雪场的留寿都, 由 3 个山组成, 26 个滑雪点, 滑雪道很多, 当中包括了 3,500 米长的滑雪道, 初学人士可以使用家庭滑雪道, 适合不同程度的滑雪人士使用。场内的多种登山缆车, 每小时可以运载 25,200 人上山, 非常方便。

回程: KIRORO 雪世界 (17: 00 出发) 札幌车站 (约 18: 30 抵达)

##### **【KIRORO 雪世界】**

余市郡的 KIRORO 雪世界拥有 21 个滑雪道, 五座高速缆车, 最高的顶峰有近千米高度, 坐缆车也需 10 分钟左右。从山顶往下看, 雪道几近垂直, 这对于喜欢刺激的滑雪高手来说很具有挑战的享受。不过像我们这样的菜鸟, 只能在坡面 16 度的初级道上撒撒野。乘敞开式的缆车上去, 然后尽情地往下划, 照样可以体验速度带来的快感。KIRORO 里也有儿童雪道。好多七八岁的小孩全副武装, 教练们带着他们在雪道上做准备操, 小孩们见到满山遍野的厚雪开心地在雪地里直打滚。如果小朋友们只是想玩玩雪的话, 在雪场边上有个雪上乐园, 有雪上摩托车和雪车等多样设施, 可以体验这里的冰雪世界。

### Plan B: Sapporo- Sapporo Teine Ski Resort

**Depart:** Sapporo Satation (9: 00)      **Sapporo Teine Ski Resort (arrive at 10: 00)**

**Return:** Sapporo Teine Ski Resort (17: 00)      **Sapporo Station (arrive at 18: 00)**

**【Sapporo Teine Ski Resort】** Sapporo Teine is a great little ski resort located close to Sapporo. It is frequented by beginners yet it also caters really well to day-tripping powder hounds who want powder lines that are steep, deep and cheap.

Sapporo Teine is made up of two small areas, Olympia and Highland.

Sapporo Teine Olympia was the site of the bobsled competition for the 1972 Sapporo Olympic Games. Olympia still has the old Olympic flame tower as well as various other reminders of a bygone era. The Teine Olympia ski area offers delightfully mellow slopes for beginners as well as night skiing.

Plan C: Sapporo– Rusutsu Resort Japan

**Depart: Sapporo Station (8: 30)      Rusutsu Resort Japan (arrive at 10: 00)**

**Return: Rusutsu Resort Japan (17:00)      Sapporo Station (arrive at 18: 30)**

**【 Rusutsu Resort Japan 】** Enter the Rusutsu white room! The Rusutsu Ski Resort in Hokkaido is absolute heaven for experienced powder hounds or powder hounds on their "L" plates. With an average annual snowfall of over 14 metres, the Rusutsu Resort has some of the most incredible powder and tree skiing to be found anywhere in the world. Frequently the powder is incredibly dry; you blast right through it with virtually no resistance. It's absolute bliss! Rusutsu Hokkaido is great for a day trip from Niseko to experience some Japow nirvana, but it's even better if you book a multi-day stay at Rusutsu.

Plan D: Sapporo– Kiroro Ski Resort

**Depart: Sapporo Station (8: 50)      Kiroro Ski Resort (arrive at 10: 30)**

**Return: Kiroro Ski Resort (17: 00)      Sapporo Station (arrive at 18: 30)**

**【 Kiroro Ski Resort 】**

Kiroro Snow World in Hokkaido Japan is a destination resort with modern facilities and infrastructure. Kiroro flies under the radar relative to some of the high profile Hokkaido ski resorts nearby, but the lack of crowds is an advantage for discerning powderhounds who make the most of the abundant snow and the tree skiing.

Plan E: Sapporo-Niseko Ski Resort

Depart: Sapporo Station (8: 30)

Niseko Ski Resort (arrive at 11: 00)

Return: Niseko Ski Resort (17: 00)

Sapporo Station (arrive at 19: 30)

**【 Niseko Ski Resort】** Niseko ski resort in Hokkaido is probably the most famous Japan resort amongst international skiers and boarders. For those that love powder, Niseko Japan is the number one pick for a ski holiday because it seems to constantly snow, and the deep, deep powder is way too enticing. Niseko the snow factory is one big powder playground!
